Our Next Big Project

21st Century Learning Centers Transformation Nears Completion

LEF is proud to announce that the \$600,000 transformation of five Lakeshore Public School libraries into 21st Century Learning Centers is nearing completion. Thank you for your support.

J.C. Anderson
LEF Chairperson

2016 LAUNCH OF STEM CURRICULUM INITIATIVE

In working with Superintendent Phil Freeman and the Board of Education, we are in consensus that the highest priority is the implementation of the STEM curriculum.

STEM is the acronym for Science, Technology, Engineering, and Math. The curriculum will be implemented in all 12 grades, starting in the middle school this fall. The STEM program will benefit students by better preparing them for future college, vocational, and/or business ventures.

INTRODUCING OUR NEXT BIG PROJECT:

STEM

SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS

Our next major fundraising effort for STEM will support the required curriculum purchase, the training of the instructors, technology components and the purchase of classroom supplies/

equipment. This is an exciting project and you will hear much more about the specifics in the future.

The need for the LEF organization, and your continued support, is as great as ever.

Overall test scores, compared to the rest of the state and national averages, should see dramatic improvement as we enhance the education of Lakeshore students.

Lakeshore is in the bottom 16% of the public school districts that receive state of Michigan funding. In other words, 84% of the public school systems in Michigan receive more money per student than Lakeshore.

The LEF helps to close this gap to enable an equal, if not better education, than those schools (84% of the Michigan schools) who have more revenue to work with.

I'm always interested in your thoughts, beliefs, and constructive critique. I can be reached by phone (269-921-2513) or by email (anderjcna@gmail.com).

Sincerely,
J.C. Anderson
LEF Chairperson

2015 ORGANIZATION OF THE YEAR

On January 25, 2016 the Lakeshore Excellence Foundation was honored to receive recognition from the Lakeshore Chamber of Commerce.

2015 was a great year for the LEF. We were able to raise a net \$442,000, which will be provided to Lakeshore Public Schools through major projects and grants. The award was accepted by the LEF Board and honors our donors and the Lakeshore community. LEF success is directly tied to your financial support.

On behalf of the LEF we honor you with this award.

LEF Receives Award

The Lakeshore Excellence Foundation is garnering recognition for significantly increasing funding support of the Lakeshore Public Schools over the past three years and in turn, increasing amounts applied to grants and major projects.

On January 25 at the Lakeshore Chamber Annual Dinner, LEF Chairman J.C. Anderson and Secretary Kimberly Risk were presented with an award.

The Chamber gave its *Organization of the Year Award* to LEF in appreciation of outstanding projects and programs that have enhanced, enriched and supplemented opportunities for learning for Lakeshore students, staff and community.

The Chamber cited LEF projects such as ART AROUND TOWN and the 21ST CENTURY LEARNING CENTERS. The LEF recently raised \$600,000 over three years to fund the transformation of the libraries and media centers in all five school buildings.

In addition, State Representative Al Pscholka presented LEF with a *certificate of special tribute* from the Michigan State Legislature. The tribute was signed by Congressman Fred Upton, State Senator John Proos, and State Representative Al Pscholka.

“We are grateful for all that the Lakeshore Excellence Foundation has contributed to making Southwest Michigan a better place to live, work and raise a family.”

In accepting the awards, Chairman Anderson told the Chamber members how LEF, an all-volunteer organization, has worked hard to increase the net contribution to Lakeshore Schools from a plateau of \$210-215,000

LEF Chairman J.C. Anderson and Secretary Kimberly Risk were presented with an award from the Chamber.

prior to 2013 to \$442,000 in 2015.

As the audience took in that impressive fundraising number, Anderson followed up by revealing the major motivating factor for the board:

“Lakeshore is in the bottom 16% of the public school districts that receive state of Michigan funding,” he said. “That means 84% of the districts receive more dollars per student than Lakeshore!”

Superintendent Phil Freeman, also on the Chamber’s Board of Directors, felt the LEF was very deserving of the *Organization of the Year Award*.

“In all, the Lakeshore Excellence Foundation has raised over \$2.5 million since its inception, with over \$1 million being raised in just the last three years! The LEF is supported by a fully volunteer Board of Trustees, led by Chairperson J.C. Anderson, that works tirelessly to support the Lakeshore Public Schools,” Freeman said.

Attention Alumni Class of 1986!

This year is our 30th class reunion. The event is scheduled for September 1-3, 2016. Anyone interested in attending please contact Dawn (Klass) Batcho at: dbatcho@sbcglobal.net

Awesome Alumni

Alexandra Soos - Peace Corps

If you would like to submit a photo and short "Awesome Alumni" story, please send an email to: LEFReachHigher@gmail.com

Alexandra Soos, a 2011 Lakeshore graduate, earned a Bachelor's of Science degree from the University of Michigan in May 2015. She began a 27-month service with the *Peace Corps* in September 2015 in Mozambique, Africa. She teaches 9th grade chemistry in Portuguese, which is the country's national language.

"Every day I feel like I'm learning more about myself, and every day I am trying to be the best person I can be," said Soos. "It's hard to give back even half of what I'm learning from this experience, but I'm trying to help inside and outside of the classroom."

Lakeshore Excellence Foundation Endowment Fund

The Endowment Fund is our long-term strategy to funding the LEF mission of learning for generations to come. Annually the LEF Board evaluates the health of the Fund, makes contributions based on giving and project needs, and reinvests the earned interest. If you are interested in learning more about the Endowment Fund, please contact J.C. Anderson at 269.921.2513 or email at anderjcna@gmail.com.

Libraries/Media Centers
TRANSFORMATION
21st Century Learning Centers

LEF is in the final stretch of completing our largest-ever project, the 3-year \$600,000 renovation of all five libraries in the district. We have reached our fundraising goal! We are thankful to all the donors who have made this vital work possible.

GOAL

→ REDEFINE AVAILABLE SPACE

- √ Completed at the high school – existing library walls moved; guidance offices created; small group learning room created; glass walls installed to connect office, group study and storage spaces; enlarged lounge area for students created; and new carpet throughout.
- √ Completed at the middle school – reconfigured small group and private reading spaces; moved new circulation desk to the middle; installed glass walls to open up the work room and office area; large group interactive technology space created; and converted space for a production studio.

GOAL

→ PURCHASE UPDATED TECHNOLOGY

- √ New technology in place at high school and middle school – multimedia components for group presentations; collaboration areas with Wi-Fi and charging stations; and stand-alone computers and printers.

GOAL

→ PURCHASE ADAPTABLE FURNITURE

- √ New flexible and lighter weight furniture is partially in place at the high school and middle school learning centers.

ALL LEARNING CENTERS due for completion FALL 2016

NEXT...

High School Learning Commons Phase 2 – a major visual transformation improving both comfort and ambience. The circulation desk will move and become the central hub, much like the information desk in a Barnes & Noble bookstore. Book cabinets and shelving, as well as new chairs and desks, will be moveable. New seating will be added to the lounge area. Along with new paint colors, the ceiling will have different levels to help define large group areas from small group areas.

Middle School Learning Center – In place of a little-used meeting room, a production studio is in the process of completion. Students will be able to make and edit videos with a sound stage and recording equipment. New furniture will be placed in the large group instruction space.

Hollywood, Roosevelt & Stewart – New lighter weight, adaptable furniture and group areas with multimedia presentation technology will be incorporated. New bookcases with wheels will be easy to move and allow for large group gatherings.

Thank You Business Donors

LEF Grants make a difference. These Stewart Elementary students are Learning Like Pirates!

Students at Stewart Elementary “Learn Like A Pirate”

Thanks to a grant from the LEF, 14 educators from Stewart Elementary participated in a *Learn Like a Pirate* book study.

“In my classroom students set goals for their own learning and monitor their success. They take responsibility for their learning and work with others to keep them accountable through the use of “accountability partners.” Active learning and peer collaboration involves demonstrating understanding by sharing with peers. Students take leadership roles in the management of our classroom by leading transitions.”

-- Cindy Vaughn

“Our goal was to learn how to empower our students to collaborate, lead, and succeed.”

Participating educators met weekly for five sessions to discuss the benefits of a student-led classroom and planned how to implement strategies promoting student empowerment. Under discussion were the six elements that Paul Solarz addresses in his book that promotes student leadership in the classroom: *Peer Collaboration, Improvement Focus vs. Grade Focus, Responsibility, Active Learning, 21st Century Skills, and Empowerment.*

Throughout the book study, we worked to build an image of what *Learning Like a Pirate* would look like at Stewart.

Some of us wholeheartedly dove in and started implementing the “Pirate” techniques for student leadership in our classrooms. Others took pieces of the Pirate book and incorporated them into their classroom culture seamlessly. In all, educators agreed that this was a valuable book study. It opened our eyes to new ideas for success for our students in our classrooms and also reinforced what we already knew was effective in our teaching.

Welcome to the Board

Laurie Schmidt

Laurie Schmidt

Laurie is an attorney and currently serves as the St. Joseph City Attorney. She obtained a bachelor's degree in business from Western Michigan University and a JD from Indiana University, Bloomington. Laurie is a member of the State Bar Association of Michigan, Berrien County Bar Association, Berrien Community Foundation, Character & Fitness Committee of the Michigan Bar Association, and the Board of World Trade Firmintas. She has served on many law affiliated committees, volunteered with the Cornerstone

Alliance Womens' Business Center, and volunteered at area high schools for Constitutional Law Day programs. Her interest in LEF is due to its commitment to support Lakeshore schools, teachers and students in achieving the best educational opportunities possible.

Laurie grew up in Benton Harbor and returned to this area in 1999. Laurie and her husband, Hans, have two children, Max and Erik, who loved attending Lakeshore Schools from kindergarten through high school graduation. Laurie was active in the PTO, volunteered at Roosevelt Elementary, and was active in many sports related activities that her children were involved in, including soccer, baseball and football. She enjoys spending time with family and friends, running, boating and traveling.

Kameron Morris

Kameron Morris

Kameron Morris has been an LEF Trustee since early February 2016. He is a native to southwest Michigan as a graduate of Watervliet High School with a Bachelor's of Business Administration from Siena Heights University.

Kameron and his wife Kristy welcomed their first child in December of 2015 and are excited to become a part of the Stevensville community.

He is thrilled to be a part of the LEF to help ensure the best educational opportunities for tomorrow's future leaders. Kameron is currently Branch Manager for United Federal Credit Union in Stevensville and has been with the company for over five years. He also serves as on the Lakeshore Chamber of Commerce Board of Directors, the Lakeland Health Foundation Advocates Group, and is a member of the Lakeshore Rotary Club. In his spare time, Kameron enjoys spending time with his family, traveling, and volunteering in the community.

LEF Grant Information

STEPPING STONES

Application Deadline:
April 15, 2016

QUESTIONS:

Lori Marciniak
Ph. (269) 208-2154
marciniak5@comcast.net
Application available at
LEFonline.org

- The Stepping Stones Grant provides financial assistance to Lakeshore students who pursue their interests, whether it is band, academics, language skills, athletics, and much more.
- Stepping Stones has approved assistance for programs such as Blue Lake Fine Arts Camp, Chinese Language classes, Nike Golf Camp, Children's Music Workshop, and many more!
- Grades and family economics are NOT a factor in approving the application. This LEF funded program is open to ALL Lakeshore students, from kindergarteners to high school seniors.

FOUNDATION PROJECT

Application Deadline:
April 15, 2016 &
October 15, 2016

QUESTIONS:

Kim McAllister
Ph. (269) 408-1509
kdmcall@yahoo.com
Application available at
LEFonline.org

- The Project Grant is typically a request with a completion cost of more than \$2500.
- The proposal may take up to three years to fully implement.
- The proposal should be creative, innovative, and supportive of the LEF mission statement. It should be an idea that the district endorses, but cannot fund — this grant is an opportunity to think BIG!
- The proposal should impact a large constituency of Lakeshore students, staff, and/or community.

STAFF SUPPORT GRANT

(formerly Innovation Grant)
Application Deadline:
October 15, 2016

QUESTIONS:

Julia Pechtel
Ph. (269) 556-1654
jpechtel@sbcglobal.net
Application available at
LEFonline.org

- The Staff Support Grant is typically a request with a completion cost of up to \$2500.
- The proposal is to be completed within the following school year.
- The proposal should be creative, innovative, and supportive of the LEF mission statement. It should be an idea that the district endorses, but cannot fund within its current fiscal budget.
- The grant proposal should offer a quality educational experience/ opportunity for Lakeshore students, staff, and/or community.

STAFF PROFESSIONAL DEVELOPMENT

Deadline: May 1, 2016

QUESTIONS:

Sandy Welch
Ph. (269) 313-7401
sandywelch@truevine.net
Application available at
LEFonline.org

- This grant may be used for a Professional Development opportunity, i.e.: conference, seminar, continuing education college courses, etc.
- The grant may only be used for the cost of registration and fees.
- Please note: Meals, travel, and hotel expenses will not be covered by the grant.
- If a substitute teacher is needed to cover your class(es) in your absence, the cost of \$100/day must be included in the grant.
- The grant request amount may not exceed \$750.
- The Professional Development opportunity should be something that the Lakeshore School District would not be able to provide.

Mission

The mission of the Lakeshore Excellence Foundation is to acquire and distribute resources that support various Lakeshore Public School programs and projects aimed at enhancing, enriching, or supplementing learning opportunities for students, staff, and community.
